Name **Puchakala Sai Teja**
ID No **2018A3PS0550H**
PS Instructor **Dr. Ankur Bhattacharjee**

Week: 18th May – 23rd May

Plan for the Week:

1. To get an insight into the industry and it's working processes.

Learning Outcomes of the Week

About the PS 1 Station

1. On 18th May we had our orientation by DK Agrawal sir from Vikram Cement Works, Neemuch. We got to understand the manufacturing process of white cement and wall care putty in BIRLA WHITE, a White cement division.
2. On 23rd May we got to understand about vision and journey of Aditya Birla Group Company and its activities in various fields like fabric industry, renewable energy, research and development, manufacturing of white cement and its reputation in the global market.

About the Project Domain

1. We had not been allotted any project yet.

Skills Gained (Technical as well as soft skills)

1. Got a clear understanding about the process of manufacturing of White Cement.

Major Learning & Project Milestones

1. NA

Major Challenges

1. NA

Work Plan for Next Week

Once our project domain is decided, we shall work on that to get a deeper understanding by the help of PS faculty and mentors.
